About VBrick Systems

Founded in 1997, VBrick Systems, an ISO 9001 certified vendor, is a privately held company that has enjoyed rapid growth by helping our customers successfully introduce mission critical video applications across their enterprise networks. Since our founding, VBrick has been setting the standard for quality, performance and innovation in the delivery of live and stored video over IP networks—LANs, WANs and the Internet. With thousands of video appliances installed world-wide, VBrick is the recognized leader in reliable, high-performance, easy-to-use networked video solutions.

VBrick is an active participant in the development of industry standards and continues to play an influential role in the Internet Streaming Media Alliance (ISMA), the MPEG Industry Forum, and Internet2. In 1998 VBrick invented and shipped the world's first MPEG Video Network Appliance designed to provide affordable DVD-quality video across the network. Since then, VBrick's video solutions have grown to include Video on Demand, Management, Security and Access Control, Scheduling, and Rich Media Integration. VBrick solutions are successfully supporting a broad variety of applications including distance learning and training, conferencing and remote office communications, security, process monitoring, traffic monitoring, business and news feeds to the desktop, webcasting, corporate communications, collaboration, command and control, and telemedicine. VBrick serves customers in education, government, healthcare, and financial services markets among others.

OSN ViP v1.0 Release Notes

This document contains Release Notes for the VBrick v1.0 ViP (video portal) for 3Com OSN. Any information contained in this document is VBrick Systems customer confidential and should not be reproduced or distributed to non-VBrick customers. This document has the following information:

What's New in ViP v1.0.....	1
Compatibility.....	1
Installation.....	1
Caveats.....	1

What's New in ViP v1.0

The OSN ViP software is a new VBrick software product. This is the first release of the software.

Compatibility

This OSN ViP is a browser-based, Windows application that runs on Internet Explorer 6.0 or higher only. It is not supported on Firefox and does not run on Linux or Macintosh computers.

Installation

Complete installation instructions are available in the VBrick *ViP Quick Start Guide*.

Caveats

This section addresses known issues in this release, most of which have an easy workaround. For more information about any item, or help with an issue not listed here, contact your certified VBrick reseller or VBrick Support Services.

-
- ViP runs on Internet Explorer 6.0 or higher only
 - ViP plays Windows Media streams only. (Podcast links point to MPEG-4 files but they will not play in the ViP).
