

Vbrick Developer Hub

Enhanced Automation, Reporting, and Administration

Use Developer Hub to gain direct access to a curated GitHub library of pre-built scripts, including reporting tools, API examples, and troubleshooting utilities used to manage, support, audit, and troubleshoot Vbrick environments.

WHO IS THIS FOR?

- Developers building custom reports, integrations, and applications with Vbrick APIs
- Enterprise technical teams seeking proven, reusable code foundations
- Administrators and operations teams automating common tasks and workflows

AVAILABLE CODE LIBRARIES

- Reporting
- Zoning
- Audit data
- Event

WHAT'S INCLUDED?

- **Full repository access:** Gain *Read* access to private GitHub repositories containing modular, well-documented, production-ready code.
- **Ongoing updates:** Stay ahead with regularly maintained codebases aligned with the latest version of Vbrick EVP and Vbrick Private.
- **Developer support:** Access to the Vbrick Professional Services team for onboarding, integration guidance, and technical Q&A. The annual license includes 8 hours with a Vbrick programmer for script assistance.

WHY CHOOSE VBRICK DEVELOPER HUB?

- **Battle-tested code:** Used in real-world implementations across industries.
- **Rapid integration:** Plug-and-play modules to accelerate your development.
- **Cost efficiency:** Save thousands in development hours and resources.
- **Security first:** Code reviewed and tested for vulnerabilities and compliance.

WHAT OUR CLIENTS SAY

“

Accessing this codebase saved us months of development. It's like having a senior dev team on demand.

LEAD ENGINEER

National Auto Manufacturer

“

The documentation and modularity made integration seamless. Highly recommend.
